SPECIFICATION SHEET

Prime

FLOOR-STANDING SMART TOILET

Everything you need, and a little you didn't expect.

Lifetime CERAMIC	**2-Year** ELECTRONICS	**CE** CERTIFIED

PRODUCT OVERVIEW

The Prime is the entry point to the Tresani range that refuses to feel like one. Full-size and floor-standing, it brings the warm-water bidet, heated seat and fully automatic lid as standard, then adds touches from further up the range: a foam Bubble Shield that coats the bowl before each use, and built-in fragrance that leaves the room fresh. A built-in water tank ensures a full flush in low-pressure homes, and a backup battery keeps it working through a power cut.

FEATURES & BENEFITS

WASH & CLEANSING

- Warm-water rear & feminine wash, multiple adjustable settings
- Adjustable water pressure & spray position
- Multiple cleaning modes
- Bubble Shield wash — foam coats the bowl before & after use
- On-demand heater, 1,200 W (instant) — no reheating between washes

HYGIENE & STERILISATION

- Self-cleaning spray wand — rinses before & after every use
- UV sterilisation lamp — activates when the lid closes
- Anti-bacterial seat material
- Built-in perfume — continuous, refined fragrance

COMFORT & WARMTH

- Heated anti-bacterial seat (45 W, adjustable)
- 270 W warm-air dryer, adjustable temperature
- Adjustable water, seat & warm-air temperatures
- Soft-close lid — silent, unhurried closure

USABILITY & CONTROL

- Automatic lid — laser motion sensor, fully touch-free
- Multi-function side key for at-seat access
- Wireless remote — wall-mountable bracket included

DISPLAY & AMBIENCE

- LED display — live water, seat & air temperatures
- Night lighting; ECO & energy-saving modes
- Touch-free flushing — foot button & auto-flush on rising

PERFORMANCE & INSTALLATION

- Concealed built-in water tank — full flush in low-pressure homes
- Dual flush — 3 L / 6 L, rimless siphon jet
- Battery backup keeps the toilet working through a power cut
- P-Trap horizontal waste — standard UK installation
- 1.5 m, UK BS 1363 plug — RCD protection required

COMPLIANCE, STANDARDS & WARRANTY

CERTIFICATION

- CE Certified
- IPX4 waterproof rating

STANDARDS

- BS 7671:2018+A2:2022 (electrical)
- BS 7671 Zone 1 & 2 rated
- Water Supply (Water Fittings) Regs 1999
- Mfd to GB 4706.1 / 53, GB/T 6952, GB 38448

INSTALLATION & WARRANTY

- Install by a qualified person (Part P)
- Lifetime ceramic guarantee
- 2-year electronics warranty

Technical specification.

GENERAL

Model	Tresani Prime
Style	Floor standing
Material	Ceramic / plastic / metal
Finish	Gloss white
Dimensions D×W×H	680 × 390 × 460 mm
Weight	43 kg
Rated load — ceramic	400 kg
Rated load — seat	150 kg
Waste outlet	P-Trap (horizontal)

ELECTRICAL

Rated voltage	220 V ~ 50 Hz
Power rating	1,200 W
Power cord	1.5 m, UK BS 1363 plug
Waterproof rating	IPX4
RCD protection	Required — max 30 mA
Battery backup	Yes — up to 50 flushes

FLUSHING

Flush method	Rimless siphon jet
Flush volume	3 L / 6 L (dual flush)
Water tank	Concealed, built-in — no min. pressure
Water supply	Mains cold (G1/2" / G3/8")

ENVIRONMENT

Ambient temperature	0–40 °C
Supply water temp.	5–35 °C
Supply pressure	0.15–0.75 MPa (unrestricted with built-in tank)

WASH & CLEANSING

Wash modes	Rear · feminine · auto · bubble
Rear wash flow	~0.62 L/min
Feminine wash flow	~0.67 L/min
Water pressure	Adjustable
Spray wand position	Adjustable
Water heater	1,200 W (instant)
Water temperature	Ambient / 34 / 37 / 40 °C (4-speed)
Back-flow prevention	Air gap

HYGIENE

Spray wand	Auto self-clean + manual
UV sterilisation	On lid close

SEAT

Seat heater	45 W
Seat temperature	Ambient / 34 / 37 / 40 °C (4-speed)
Seat material	Anti-bacterial
Safety devices	Fuse, controller, sensor

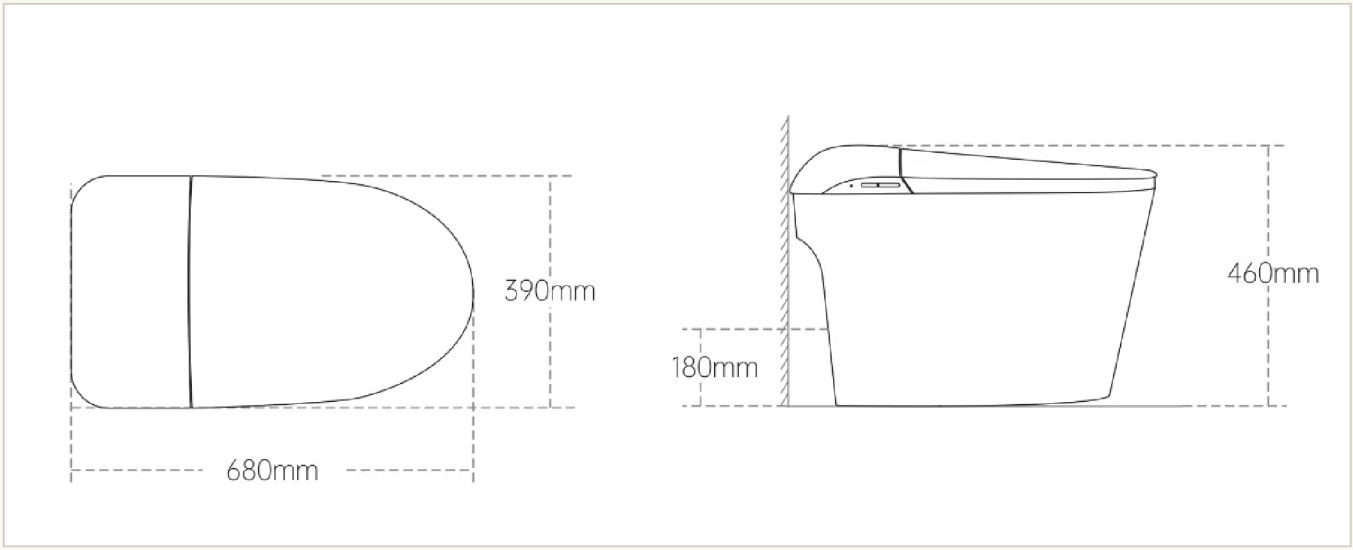
DRYING

Dryer power	270 W
Air temperature	Ambient / 34 / 37 / 40 °C (4-speed)
Safety devices	Fuse, bimetallic thermostat

REMOTE CONTROL

Type	Universal RF remote
Batteries	2 × 1.5 V AAA (LR03)
Bracket	Wall-mountable (supplied)

DIMENSIONS



680	390	460
MM DEPTH	MM WIDTH	MM HEIGHT

Waste outlet	P-Trap (horizontal)
Water inlet	G1/2" / G3/8" angle valve (supplied)
Weight	43 kg
Rated load — ceramic body	400 kg
Rated load — smart seat	150 kg

Load ratings are tested maxima. The ceramic body is rated to 400 kg; the smart seat assembly is rated to 150 kg, in line with industry test standards.

SAFETY FEATURES

- High / low voltage protection
- Leakage & earth-fault protection
- Dry-burn & high-temperature protection
- Seat, water & air temperature regulation
- IPX4 waterproof (BS 7671 Zone 1 & 2 rated)
- Power-off manual flushing capability
- Water source filtration
- Energy-saving & ECO modes
- Water-saving mode — reduced flush

WHAT'S INCLUDED

- Prime Smart Toilet
- Wireless remote assembly (bracket & batteries)
- Angle valve assembly
- Battery backup unit
- Child seat
- Clear plastic test plate
- 5 × lemon fragrance sticks
- Foam bubble bottle + 10 × bubble tablets
- User Manual
- UK Installation & Electrical Safety Guide (TS-INST-UK-001)
